work in the Government Order dated 21-7-19 or any portion of it cannot be treated as forming ~~as~~ an independent establishment or a separate cadre unconnected with the office establishment. Such an arrangement would be unworkabl I.A.D. formed only a section of the offic and was started without any addition to the sanctioned strength at the beginning. But as the work grew in volume, additions were sanctioned to the office establishment itself and not to form any separate and independent establishment, Vide Para 10 of the Governmen Order of 21-7-19. The allocation of work among the men appointed to the grade of Superintendents is, I believe, a matter which is within the competence of the head of the office. As properly trained men become available, they will of course be drafted for work and recommended for promotion to the grade of Superintendents, if they are fully qualified, for such promotion under the rules. The permanent promotion of men to the grade of Superintendents will be regulated by the Examination rules prescribed in the Government Order ~~of~~ No 7127 | 93 92-17-11 dt 10-12-18 irrespective of the Section in which they would be required to work and men detailed for work as Superintendents in I.A.D. will be preferably those ~~also~~ who beside possessing the required ~~xxxx~~ qualifications, as prescribed in the Examination rules, have had training in the Commercial system of accounts.

The Comptroller proposes to fill up the following vacancies:-

(1) The permanent vacancy of a Superintendent on Rs.250/- caused by the promotion of Mr. T.Subburamiah as Assistant Comptroller.

(2) The place of a Superintendent on Rs.200/- kept vacant for Commercial Auditor in the re-organization arrangements of the Comptroller's Office.

(3) The places of three new Commercial Auditors on Rs.125/-. Rs.200/-, and Rs.250/- sanctioned for the Industrial Audit Section of the Comptroller's Office in para 10 of the Government Order dated the 21st July 1919.

2. There is no objection to fill up the vacancy referred to under item No.(1) above. The officers to be promoted are as under:-

~~Auditors~~. ~~This is not so. The four places of~~ ~~m~~mmercial Auditors are for the work relating to the industrial and commercial concerns owned and worked or subsidised by Government. As directed in para 11 of the Government Order dated the 21st July 1919, the entire cost of the audit establishment employed upon the audit of accounts of the concerns under the control of the Industries and Commerce Department should be debited to the revenue accounts of such concerns. If, as proposed by the Comptroller, these appointments are permitted to be held by the Superintendents not employed upon the work of industrial concerns, the result will be that these concerns do not receive the benefit of the services of the holders of such appointments and they cannot also be required to bear the salaries of such officers and the increased cost entailed by filling up the appointments meant for the work of industrial concerns will have to be borne by Government. This was not intended and cannot, I think, be permitted.

4. There are three officers now either doing or partly qualified for commercial audit work. They are the following:-

Messrs Ramanuja Iyengar and Sampath Iyengar had been deputed to Bombay for learning commercial accounts and audit and they have completed their course of practical training. They have however, not passed either the Bombay Government Diploma Examination in Accountancy or the Subordinate Account Service Examination of the Comptroller's Office. According to the sanctioned scheme or training accountants of the Comptroller's office in the work of commercial account and audit, the men selected for such training should pass both these examinations. The Firms to which these two accountants were apprentised have spoken well of their work and the men are also now employed upon commercial audit work. Accordingly these two accountants may be appointed, pending their passing the prescribed examinations, sub-pro-tem Superintendents on Rs.125/- the Senior the Junior Grade against two of the three new places sanctioned for the Industrial Audit Section.

When the majority of the Superintendets a qualified for doing commercial audit work, the re triction that the commercial audit appointments - should not be held by other than those performing the work may be withdrawn.

SIR,

I have the honour to request that you will be so good as to obtain sanction of Government to the permanent appointments and promotions to the grade of Superintendents shown in the accompanying statement.

The promotions in this list are all in the order of seniority The persons recommended now for being newly appointed to the grade of Superintendents are Messrs. V.S. Subba Rao and G. Ranganatham working in this office and the Railway Audit Office respectively proposed for appointment in the Fifth Grade on Rs.125/-. As reported to Government separately in this office letter No. 432/R dated 16th September 1919, these are the only two persons who passed in the recent Subordinate Accounts Examination. Mr. Subba Rao who is now in receipt of a pay of Rs.100/- (1st Grade Temporary) plus Rs.10/-ConveyanceAllowance has passed the examination with credit and Mr. Ranganatham who has passed the Departmental Examination in Railway Accounts in addition has been recommended for promotion to the Second Grade of Subordinate Railway Account Service (Pay Rs.100-8-140) with a starting pay of Rs.116 in the Reorganisation of the Establishment of the Railway Audit Office proposed by me.

2. As regards the places of Commercial Auditors, I beg to bring to the notice of Government that it will be very inconvenient if the scale of establishment sanctioned for this office has to be split up into two separate scales one for Industrial Audit and the other for the remaining portion of the work When there were separate scales of establishment in the Old Public Work Branch of this office at every stage of recruitment and promotion of men in that branch considerable difficulty was experienced and many inconvenient questions presented themselves for solution and so this office had to recommend to Government the provincialisation of the whole staff so that there may be free scope for selecting and deputing for the work the men most qualified and with good aptitude for each particular work. I beg that Government will be pleased to appreciate this difficulty and to therefore allow

some scope for exercising discretion in the selection of men to be employed on any particular work.

I beg to assure Government that in the exercise of this discretion, it shall be my aim to see that the cost of Government on account of the establishment employed on Industrial Audit Work is not unduly swelled by the employment of men on lower grades of pay in the Industrial Audit Section. Men on pay corresponding to the rates of pay sanctioned for the I.A.Section will as far as possible be selected for the work, but what is wanted is some latitude for a temporary departure from this procedure should the exigencies of service require it and should difficulties present themselves in strictly adhering to the practice.

If Government are pleased to favorably consider my proposal I request that sanction may kindly be accorded to the proposals already submitted in this office letter No.433/R. dated 16th September 1919.
